Tin Can Tune-Up

A dated pattern from our archive inspired this eco-friendly remake.

By Linda Permann

Back in the '60s, crafters were covering empty cans with all kinds of materials, repurposing them for household organizers. Over the years this trend fell out of style and started to look downright dated—but we think this is one craft from the past that's worth bringing back. We love the "green" spin of this project—why discard cans when a little yarny flair is all it takes to make them forever useful? Even better, our version is stitched with recycled yarn, making it doubly Earth-friendly!

Ch 35.

Row 2 Ch 7 (counts as dc, ch 4), turn; sk first 3 sc, dc in next sc, [ch 4, sk next 2 sc, dc in next sc] 10 times—11 ch-4 sps.

Row 5 Ch 9, turn; sc in first ch-9 sp, [ch 3, (2-tr Cl, ch 4, sl st, ch 4, 2-tr Cl) in next 2-tr Cl, ch 3, sc in next ch-9 sp] twice, ch 5, tr in last sc.

Row 6 Ch 1, turn; sc in first tr, [ch 5, sc in next 2-tr Cl] 4 times, ch 5, sc in 4th ch of turning ch.

Row 7 Ch 5, turn; dc in first ch-5 sp, [ch 4, dc in next ch-5 sp] 4 times, ch 2, dc in last sc. Resulting gauge swatch should measure ap-

prox 5½ x 3"/14 x 7.5cm. If necessary, adjust hook size to obtain correct gauge.

Note Swatch will curve slightly; measure along longest edge.

PREPARE T-SHIRT

Note This edging can be worked around the neckline of any size T-shirt. You can cut the neckline as low as you wish, but remember that you'll need to turn under about ¼"/6mm of the cut edge, so cut about ¼"/6mm higher than you want the final neckline to be.

Cut Oval Neckline

Measure 3"/7.5cm down from center front neck and place a pin. Measure 2"/5cm across each shoulder seam, beginning at neck, and place a pin. Measure 2"/5cm down from center back neck and place a pin. Visualize an oval formed over these four pins. Place more pins to outline the oval. Cut out the oval.

Work Blanket Stitch Around New Neckline

Fold raw edge of oval under ¼"/6mm all the way around and pin in place. With sewing needle and yarn (about 1½yd/1.5m), work blanket stitch around neckline, spacing stitches about ¼"/6mm apart. For best results, ensure that you have a multiple of 12 blanket stitches (e.g., 132, 144, 156, 168, 180, 192, or 204 sts) worked around the neckline.

YOKE

Round 1 Join yarn with a sl st in one of the blanket stitches just behind a shoulder seam (on the back side), ch 7 (counts as dc, ch 4),

*sk next 2 blanket sts, dc in next blanket st, ch 4; repeat from * around; join with sl st in 3rd ch of beginning ch.

Note If you didn't have a multiple of 12 blanket stitches (or a multiple of 3 blanket stitches), you may have to skip one more or one less blanket stitch when you get around to the beginning ch. That is why we recommend beginning behind the shoulder seam where this will be least conspicuous.

Round 2 Sl st in next 2 ch, ch 6 (counts as dc, ch 3), dc in next ch-4 sp, ch 3, *dc in next ch-4 sp, ch 3; repeat from * around; join with sl st in 3rd ch of beginning ch.

Round 3 Ch 9, sk first dc (beginning ch), sk next dc, (sc, ch 4, 2-tr Cl) in next dc, sk next dc, *(2-tr Cl, ch 4, sc) in next dc, ch 9, sk next dc, (sc, ch 4, 2-tr Cl) in next dc, sk next dc; repeat from * around, (2-tr Cl, ch 4, sc) in st at base of beginning ch-9 (same st as join).

Note If you didn't have a multiple of 12 blanket stitches, you may have to skip extra or fewer ch-3 sps when you get around to the beginning ch.

Round 4 Ch 9, sc in first ch-9 sp, ch 3, (2-tr Cl, ch 4, sl st, ch 4, 2-tr Cl) in next 2-tr Cl, ch 3, *sc in next ch-9 sp, ch 3, (2-tr Cl, ch 4, sl st, ch 4, 2-tr Cl) in next 2-tr Cl; repeat from * around; join with sc in 6th ch of beginning ch.

Round 5 Ch 5, *sc in next 2-tr Cl, ch 5; repeat from * around; join with sl st in joining sc.

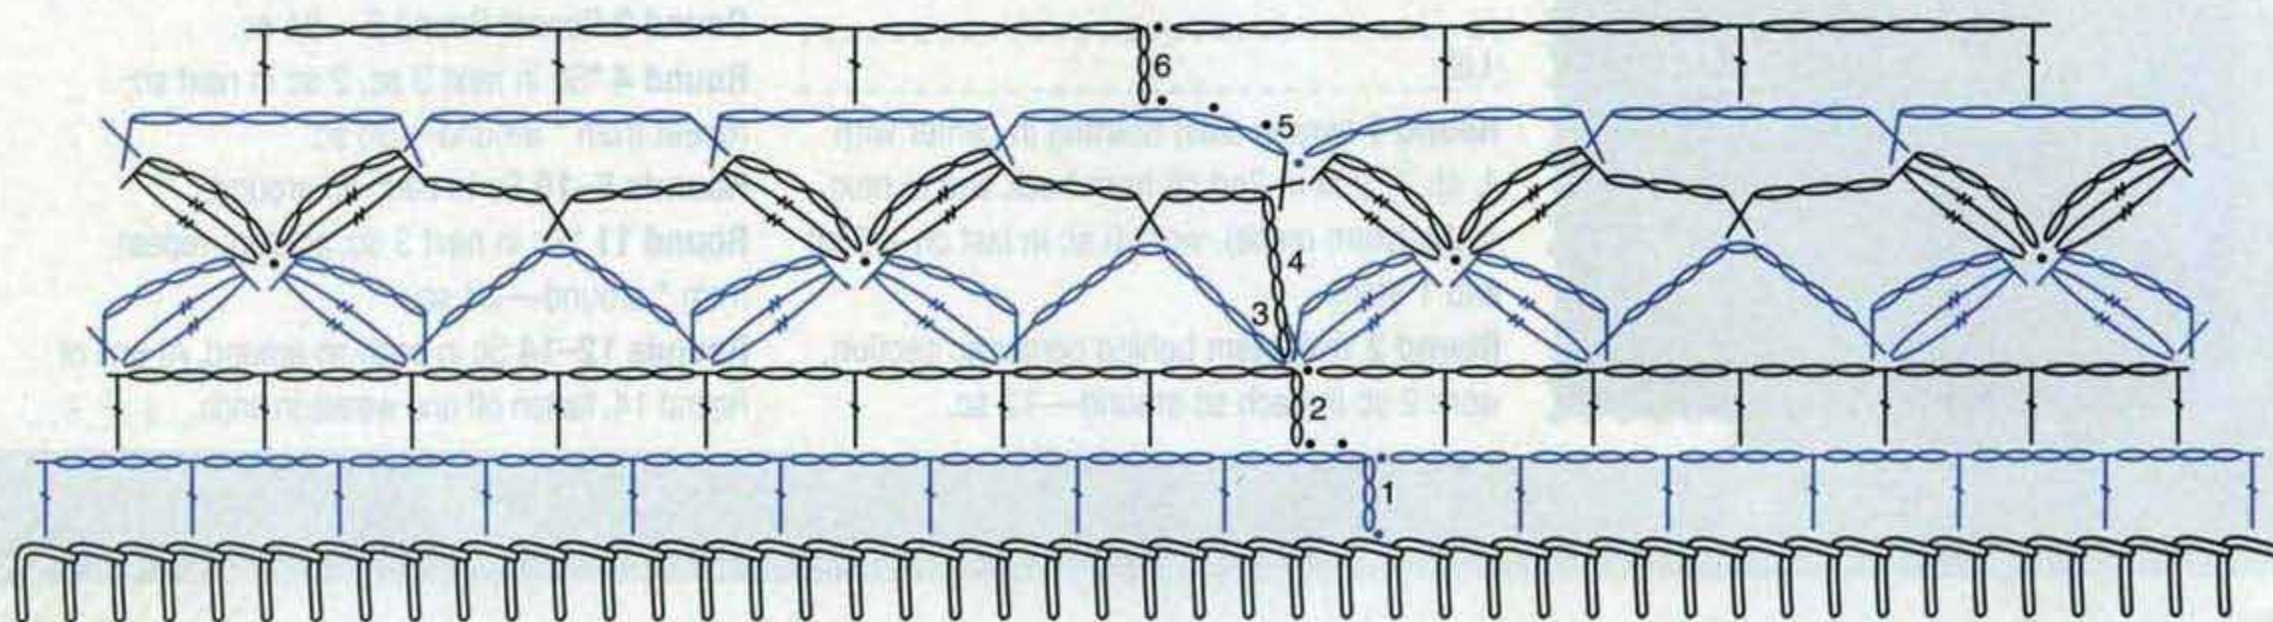

Round 6 Sl st in first 3 ch, ch 7, *dc in next ch-5 sp, ch 4; repeat from * around; join with sl st in 3rd ch of beginning ch. Fasten off.

---~~--- Eco-friendly
bamboo yarn makes
these woodsy beauties
kind to nature!

ECO-FIBER OF THE FUTURE

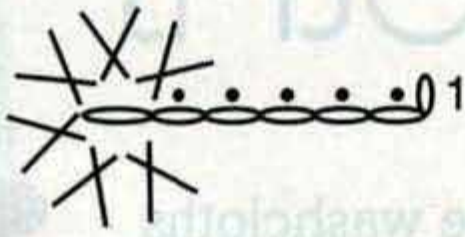

Of the many different types of fiber used to make yarn, bamboo is one of the most earth-friendly. Compared with other natural fibers, it requires less energy to harvest and produce, and it grows very quickly. Technically a grass, bamboo only needs about five years to regenerate for use, making it an excellent renewable resource. To manufacture a yarn out of bamboo, the woody stalks are broken down into fiber that is spun into yarn. Bamboo yarn has silky properties, with superior drape, sheen and strength; it's also lightweight and very warm. It's a "green" dream!

It's easy to customize the size of your bag by working more or fewer pattern repeats in the body, or by altering the length of the strap. It's up to you!

SCRAPS TO STITCHES

Every day, T-shirt factories cut patterns out of large swaths of cotton fabric to make their products. The inevitable scraps left over from this process aren't large enough to make more shirts, so they are discarded—if, that is, Red Heart doesn't rescue them first. Red Heart Eco-Cotton Blend is made using these fabric remnants; through a special process, the cotton fibers are broken down, reclaimed, and then spun with a touch of acrylic to create a soft, sturdy yarn. Producing this cotton blend requires less water, dye, and energy than similar conventional yarns, which makes it that much more friendly to our earth.

STRAP

Lower Strap Sections

With right side facing, decide which side you want as the front of the bag (front and back are open, with strap attached to sides). Flatten bag so that front is facing you. While bag is flat, count 17 sts from the side edge and place a marker in the next st. Flip bag over, so that back is facing you, and count 17 sts from the same side edge and place a marker in the next st. You will have 34 sts between markers. The first lower section of the strap is worked over these sts.

Row 1 Join yarn with sl st in sp between marked st and next hdc, hdc in next 34 sts, sl st in sp between st into which last hdc was worked and marked st; leave remaining sts unworked—34 hdc and 1 sl st on each end.

Row 2 Ch 1, turn; sk sl st, sk first hdc, hdc in each st to last hdc; leave last hdc and sl st unworked—32 hdc.

Rows 3–14 Ch 1, turn; sk first hdc, hdc in each st to last hdc; leave last hdc unworked—8 hdc.

Rows 15–21 Ch 1, turn; hdc in each hdc across.

Fasten off. Place markers on other side of bag as for first lower section of strap. Repeat Rows 1–21 on other side of bag.

Popcorn Insert for Top of Strap

Row 2 Ch 2, turn; hdc in first sc, *ch 3, sk next 2 sc, htr-pop in next sc, ch 3, sk next 2 sc, hdc in next sc; repeat from * across—7 htr-pop and 14 ch-3 sps.

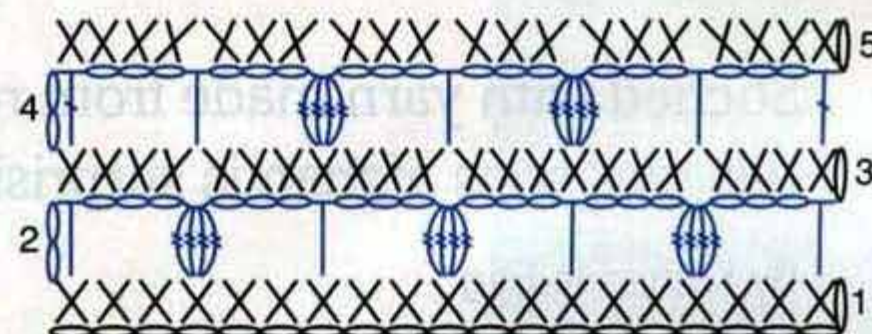

Row 3 Ch 1, turn; sc in first hdc, *3 sc in next ch-3 sp, sk next htr-pop, 3 sc in next ch-3 sp, sc in next hdc; repeat from * across—50 sc.

Row 4 Ch 2, turn; dc in first sc, ch 3, sk next 3 sc, hdc in sp between last skipped sc and next sc, ch 3, sk next 3 sc, *htr-pop in next sc, ch 3, sk next 3 sc, hdc in sp between last skipped sc and next sc, ch 3, sk next 3 sc; repeat from * across, dc in last sc; repeat from * across—6 htr-pop, 14 ch-3 sps, and 1 dc at each end.

Row 5 Ch 1, turn; sc in first dc, 3 sc in each ch-3 sp across (do not sc into hdc or htr-pop sts), sc in last dc.

Fasten off. With right sides together and using yarn and yarn needle, sew ends of insert to tops of lower sections of straps.

REDUCED SAMPLE OF STRAP INSERT

--- You'll want to make more than one of these bags to keep on hand at all times!

Strap Edging

Join yarn with sc in any sc along top edge of bag, work sc evenly spaced around opening (including along edge of bag, one edge of strap and insert). Fasten off. Repeat around opposite opening.

BOTTOM

Ch 2.

Round 1 (right side) Work 9 hdc in 2nd ch from hook; join with sl st in first hdc—9 sts.

Round 2 Work 2 hdc in each hdc around; do not join—18 sts.

Place a marker for beginning of round; move marker up as work progresses.

Round 3 [2 hdc in next hdc, place a marker in first hdc of 2-hdc group just made, hdc in next st] 9 times—27 sts (9 markers placed).

Rounds 4–15 [2 hdc in marked st, move marker to first hdc of 2-hdc group just made, hdc in each st to next marker] 9 times—135 sts. Fasten off.

FINISHING

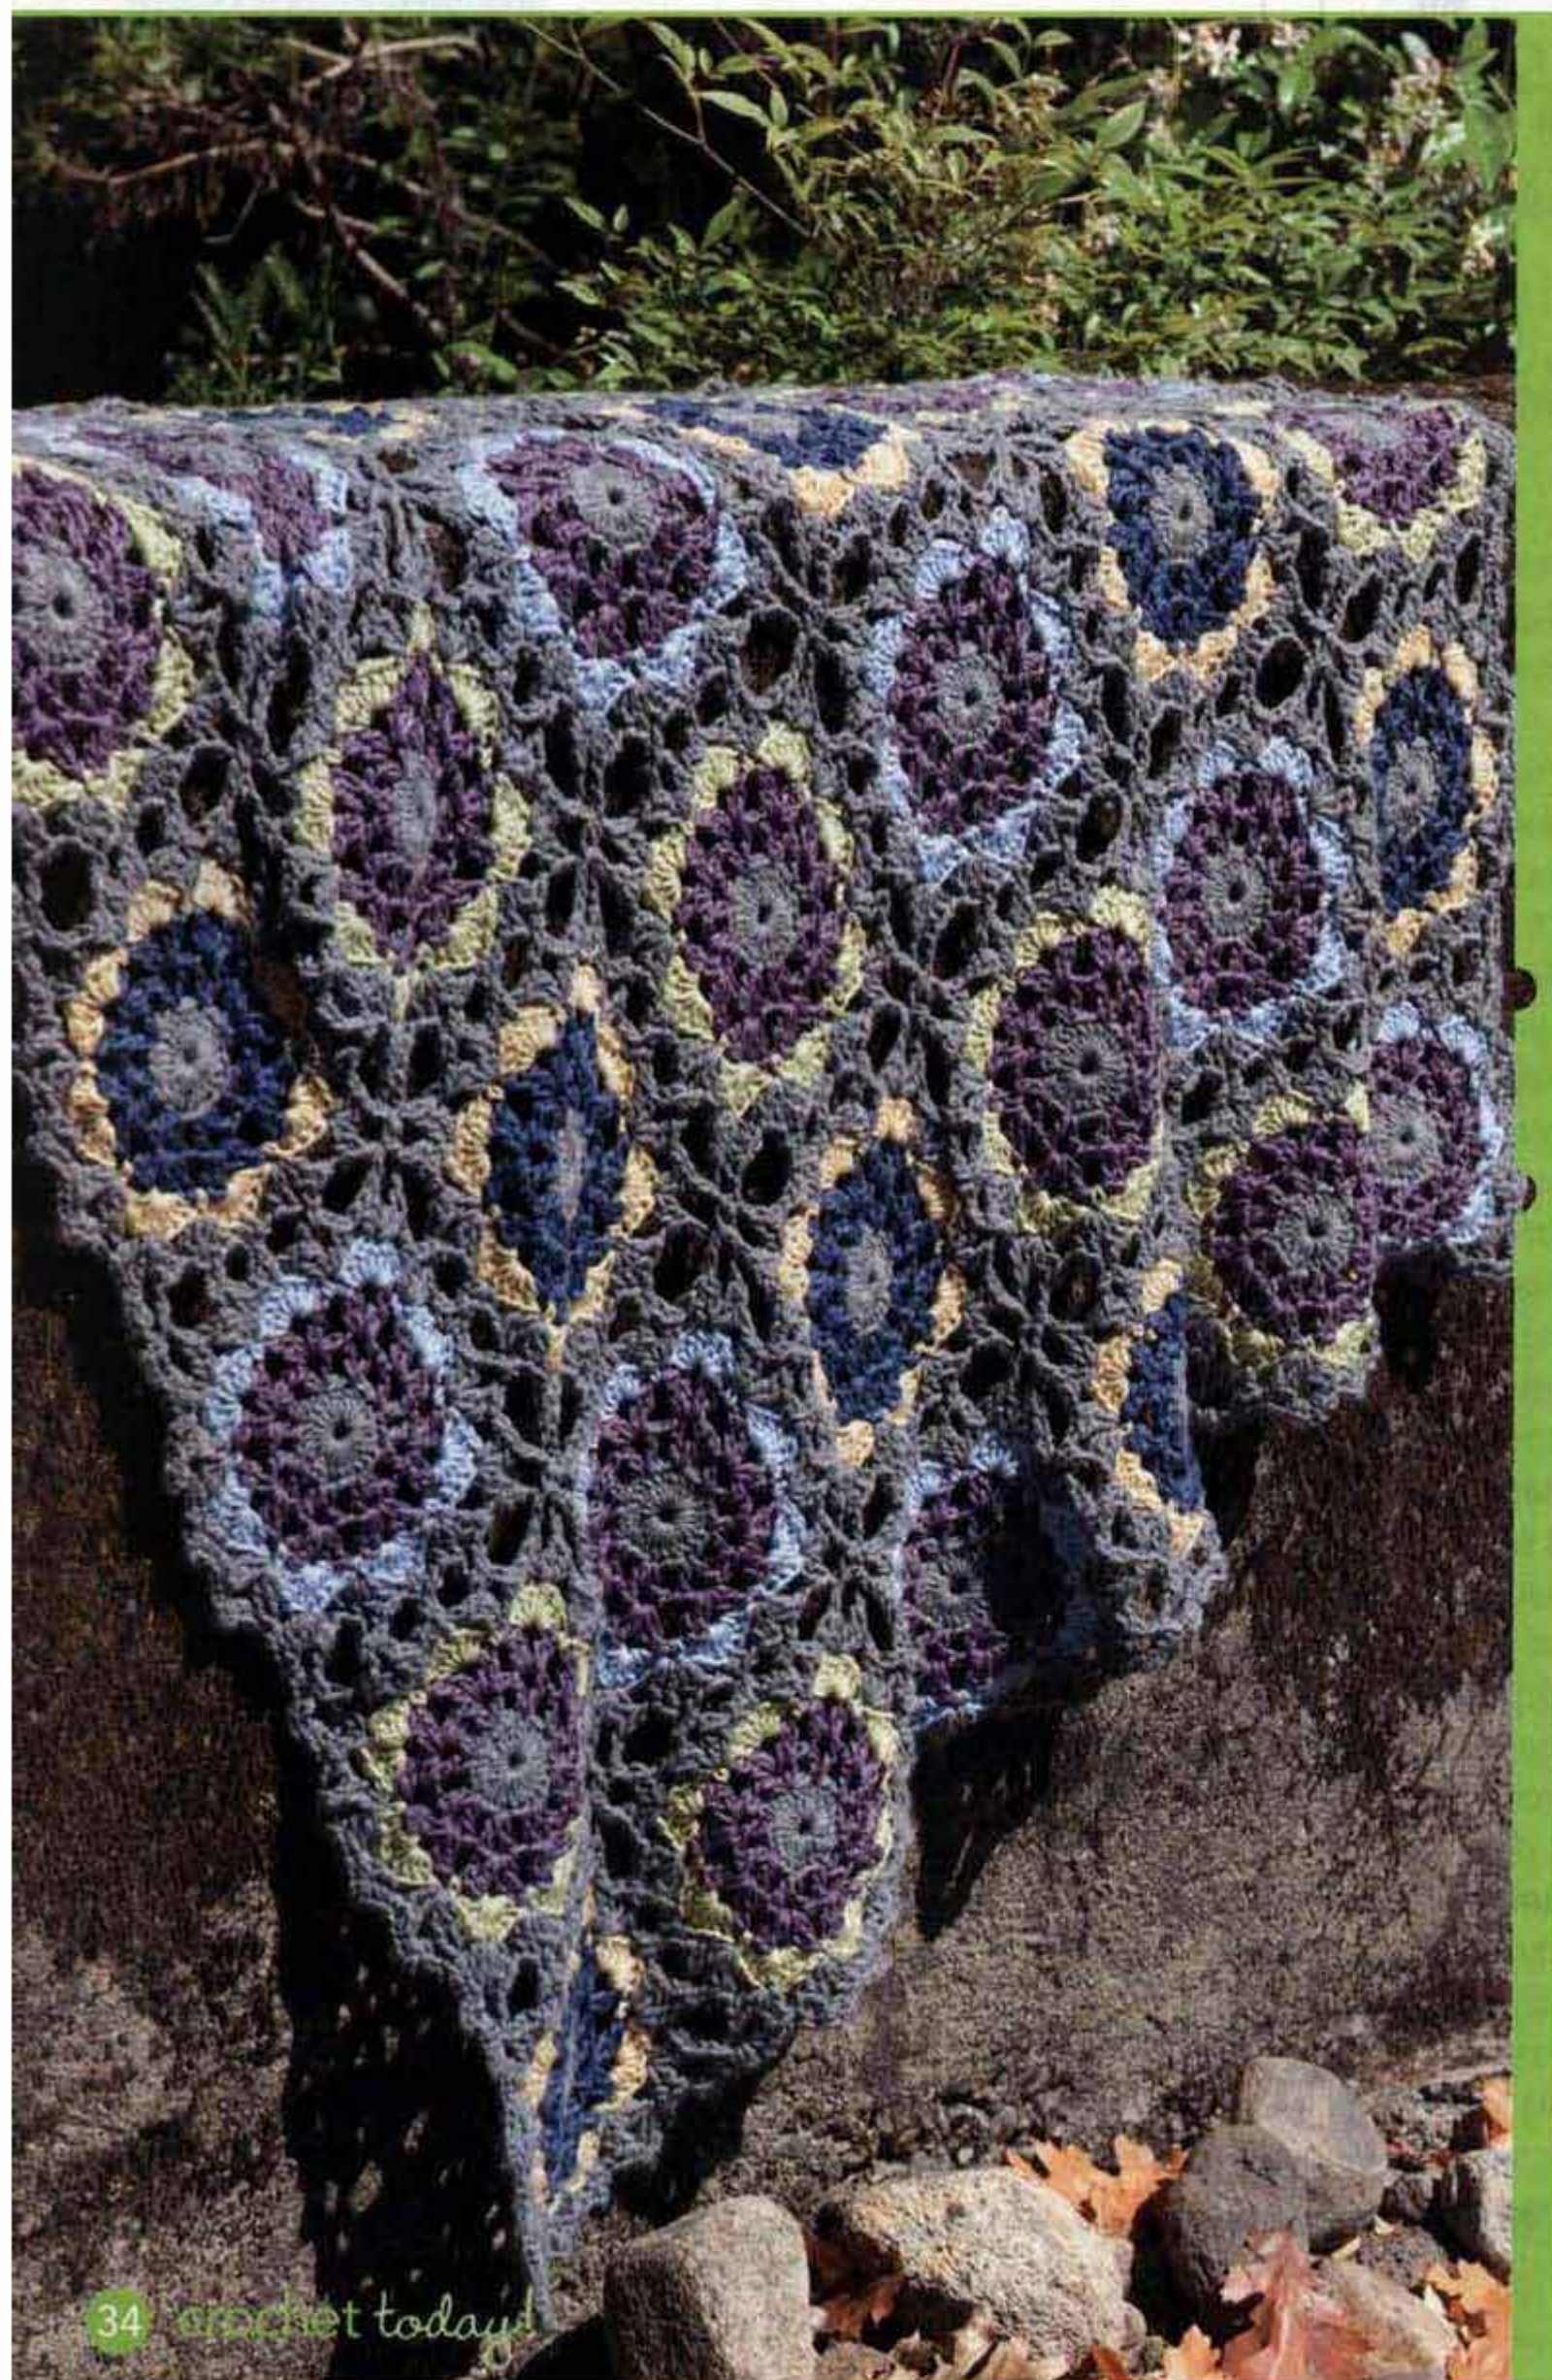

Turn body of bag inside out. With right sides of body and bottom together (wrong sides facing out), pin bottom to lower edge of body. With yarn and yarn needle, sew edges together, easing to fit. Turn bag right side out.

Weave in all ends. Place a circle (approx 9"/23cm) of plastic canvas or heavy cardboard inside bag bottom, if desired.

Sunshine and Shade Throw

Stitched with yarn made from recycled plastic bottles, this gorgeous afghan is surprisingly soft and supple.

RECYCLING TURNED YARNY

Millions of plastic bottles are thrown into recycling bins every year, but do you know where they end up? Some could find their way into your yarn! That's right—one way plastic is recycled is by being melted down and transformed into polyester fibers that Red Heart spins into its Eco-Ways yarn. This yarn is so soft, you're likely to surprise friends and family when you tell them that the snugly blanket you stitched is made partly out of recycled bottles! And you can feel good knowing that some of those single-use bottles went from the recycling bin to a crafty project that you'll enjoy for years to come.

FINISHED MEASUREMENTS

Approx 3–4"/7.5–10cm across at widest point, when stretched over rock

Note Covers stretch to fit rocks of varying shapes and sizes.

GAUGE

Same as finished measurements. Gauge is not critical for this project.

NOTES

1 The covers are stretchy and designed to fit snugly over rocks of varying shapes and sizes. The bottom side of the cover is not intended to cover the bottom of the rock completely.

2 Covers are circular, but will stretch over round, oval, and irregularly shaped rocks.

3 While working, frequently compare the size of the cover with the rock. The cover should be slightly smaller than the rock, so that it will fit snugly. Take care to ensure that you will be able to stretch the cover over the rock before finishing. To ensure that the cover will fit the rock, you may choose to work the last round of the cover with the rock in place.

4 It's easy to customize the size of your covers. Since each cover consists of a center motif and then a stretchy mesh-like stitch pattern, simply work more or fewer rounds of the mesh stitch pattern, adding or subtracting chains as desired, to make your cover fit smaller or larger rocks.

Stellar Motif = 5¼"/13.5cm diameter worked with larger hook (for sizes M and 1X)

Remember to check gauge for best results!

HOW TO MAKE A GAUGE SWATCH

Make one stellar motif with the hook appropriate for desired size. If worked with smaller hook, resulting motif should measure approx 4½"/11.5cm diameter. If worked with larger hook, resulting motif should measure approx 5¼"/13.5cm diameter. *If necessary, adjust hook size to obtain correct gauge.*

NOTES

- 1 We suggest reviewing all instructions before you begin.
- 2 Use smaller hook for S and L size throughout, unless otherwise instructed.
- 3 Use larger hook for M and 1X size throughout, unless otherwise instructed.
- 4 Stellar motifs are worked and joined as you go. After all stellar motifs are worked and joined, star motifs are worked and joined into the gaps between Stellar Motifs.
- 5 Before working the final round/row of each motif, determine motif placement (see layout diagrams) and then join motif to neighboring motifs as the final round/row is worked.
- 6 Leave long tails on motifs along arm and side edges, for joining after blocking.

Ch 7; join with sl st in first ch to form a ring.

Row 1 (right side) Ch 2, dc in ring (counts as beginning 2-dc Cl), ch 1, sl st in first picot of gap between joined motifs, ch 1, [3-dc Cl in ring, ch 1, sl st in next picot of gap, ch 1] 4 times, sl st in next picot of gap, ch 4, sl st in ring—5 clusters. Fasten off and weave in ends.

BLOCKING AND SEAMING

Lay top flat and pin to schematic size. Spray with water and let dry. Unravel unjoined portion of last round of motifs at side and arm edges. Fold tunic in half along shoulders and rework last round of each motif, joining to neighboring petals or picots. (Alternatively, do not unravel motifs and simply sew motifs together at arm and side edges.)

Approx 50"/127cm high x 56"/142cm wide plus fringe

GAUGE

1 pattern repeat = 11"/28cm wide
 4 rows in pattern = 4½"/11.5cm high
Remember to check gauge for best results!

HOW TO MAKE A GAUGE SWATCH

With A, ch 21.

Row 1 (right side) Dc in 4th ch from hook (3 skipped chs count as dc), dc in next 6 chs, [dc2tog] twice, dc in next 6 chs, 2 dc in last ch—18 dc. Fasten off A. Turn.

Row 2 With wrong side facing, join B with sl st in first st, ch 3 (counts as dc), dc in same st as joining, FPdc around next 6 sts, [FPdc2tog] twice, FPdc around next 6 sts, 2 dc in sp before turning ch. Fasten off B. Turn.

Row 3 With right side facing and C, repeat Row 2.

Row 4 With wrong side facing and A, repeat Row 2. Resulting gauge swatch should measure approx 11"/28cm wide x 4½"/11.5cm high. If necessary, adjust hook size to obtain correct gauge.

NOTES

1 Leave approx 12"/30.5cm of yarn at the beginning and end of each row for fringe.

2 If you want a wider or narrower afghan, add or remove chains in multiples of 18 to your

foundation chain. If you want to make a taller afghan, simply add more rows in established color pattern.

3 If you change the size of the afghan, your yarn requirements may change.

4 When working the FPdc2tog, make sure that you are working around the entire FPdc2tog or dc2tog stitch of the previous row for one of the two stitches you work together. It is easy to split the previous row's stitch and think it is two stitches.

AFGHAN

With A, ch 95.

Note For a full edge of fringe, add more yarn to each side as follows.

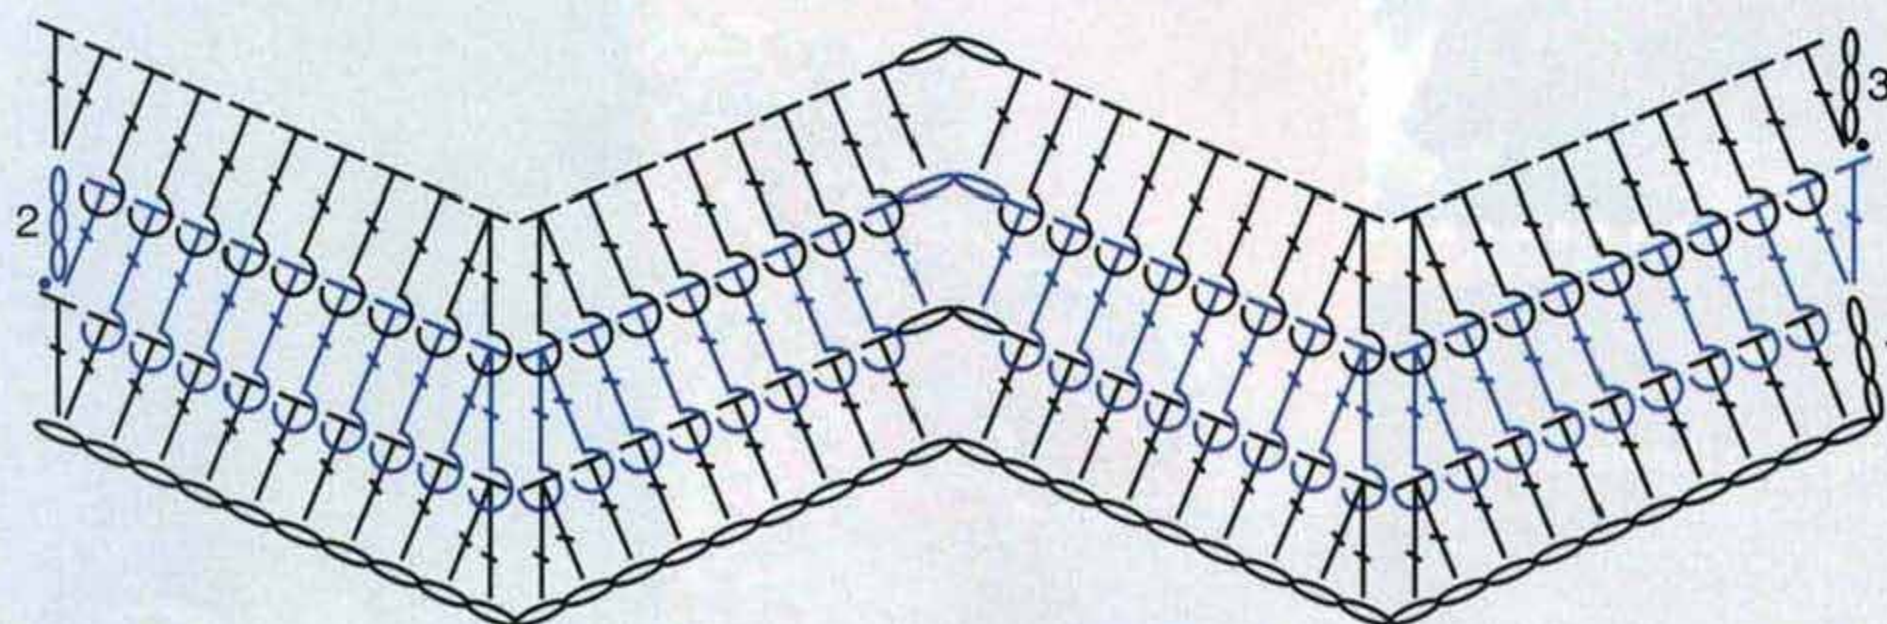

Cut 28 lengths each of A, B and C, each 25"/63.5cm long. Matching the color fringe to the color of the row, add fringe to both ends of each row as follows: Fold one strand in half. Insert folded end into desired st. Draw ends of strand through folded end and pull tight. Trim fringe evenly.

 Gauge is not critical for this project. However, work tightly to ensure that stuffing does not show through stitches. *If necessary, adjust hook size to obtain correct tension.*

NOTES

- 1 This project is worked in continuous rounds. Do not join and do not turn after completing a round.
- 2 Use a stitch marker to indicate the beginning of each round. Move the marker up as each round is completed. A pencil and note pad or a row counter can be used to keep track of the rounds worked.
- 3 For safety reasons, whenever making toys for children under 3 years of age, do not use

safety eyes or buttons. Instead, embroider features. Make sure all pieces are sewn together securely and yarn ends are completely woven in and trimmed when finished.

4 To change color, work last stitch of old color to last yarn over. Yarn over with new color and draw through all loops on hook to complete stitch. Fasten off old color.

FINISHED MEASUREMENTS

Case measures approx 9"/23cm long x 3"/7.5cm circumference.

GAUGE

16 sc and 19 rows = 4"/10cm over single crochet
Gauge is not critical for this project.

HOW TO MAKE A GAUGE SWATCH

Ch 17.

Row 1 Sc in 2nd ch from hook and in each rem ch across—16 sc.

Rows 2–19 Ch 1, turn, sc in each st across.

Resulting gauge swatch should measure approx 4 x 4"/10 x 10cm. If necessary, adjust hook size to obtain correct gauge.

NOTES

1 The body of the pencil case is worked with the right side facing at all times.

2 You may fasten off the yarn at the end of each row. To reduce the number of ends to weave in, at the end of a row, carry the yarn back to the first stitch. As you work the next row with the second color, encase the loose strand under the single crochet stitches.

3 The body of the case is worked flat, then the stabilizer is applied. The ends are attached and a flower is sewn to each end.

4 Lining and stabilizer are optional, but they make the case sturdier.

BODY

With A, ch 36 loosely. (Note: The foundation chain should measure approx 8½"/21.5cm.)

Row 1 (right side) Sc in 2nd ch from hook, sc in each rem ch across—35 sc. Fasten off A (or carry A underneath B when working next row). Do not turn, work with right side facing throughout.

Row 2 Join B with sc in first sc of previous row, sc in each rem sc across. Fasten off B (or carry B underneath A when working next row). Do not turn.

Row 3 Join A with sc in first sc of previous row, sc in each rem sc across. Fasten off A (or carry A underneath B when working next row). Do not turn.

Rows 4–36 Repeat Rows 2 and 3, 16 times, then repeat Row 2 once more.

Piece should measure approx 7½ x 8¾"/19 x 22cm. Block piece with steam iron, making sure sides are even.

END (MAKE 2)

With B, ch 2.

Round 1 Work 10 sc in 2nd ch from hook; join with sl st in first sc—10 sc.

Round 2 Ch 1, 2 sc in each sc around; join with sl st in first sc—20 sc.

Round 3 Ch 1, 2 sc in first sc, sc in next sc, [2 sc in next sc, sc in next sc] 9 times; join with sl st in first sc—30 sc.

Round 4 Ch 1, sc in each sc around; join with sl st in first sc.

Round 5 Ch 1, 2 sc in first sc, sc in next 4 sc, [2 sc in next sc, sc in next 4 sc] 5 times; join with sl st in first sc—36 sc. Fasten off.

LARGE FLOWER (MAKE 2)

With A, ch 2.

Round 1 Work 5 sc in 2nd ch from hook; join with sl st in first sc—5 sc.

Round 2 Ch 6, *sl st in next sc, ch 6; repeat from * around; join with sl st in first ch—5 ch-6 sps.

Round 3 *(Sl st, 6 sc) in next ch-6 sp, sl st in next sl st; repeat from * around; join with sl st in first sl st—5 petals. Fasten off.

SMALL FLOWER

With A, ch 2.

Round 1 Work 5 sc in 2nd ch from hook; join with sl st in first sc—5 sc.

Round 2 Ch 3, *sl st in next sc, ch 3; repeat from * around; join with sl st in first ch—5 ch-3 sps.

Round 3 *4 sc in next ch-3 sp, sl st in next sl st; repeat from * around; join with sl st in base of first sc—5 petals. Fasten off, leaving tail to attach to zipper pull.

FINISHING

Optional Facing and Lining

Cut stabilizer ¼"/6.5mm smaller than body on all sides. Cut fabric lining ½"/1.5cm larger than body on all sides. Center non-fusible side of stabilizer on wrong side of lining (fusible side showing). Fold edges of lining on top of fusible side of stabilizer and iron edges. Center wrong side of stabilizer (fusible side with edges overlapped) to wrong side of body. Tuck loose ends of yarn between body and stabilizer, and iron stabilizer to body with steam iron. With sewing needle and matching thread, sew loose edges of lining to body on all sides.

Assembly

Gently roll body into a tube. Pin end pieces to side edges of body, easing to fit.

Round 1 With body of bag facing you, and end away from you, working through both thicknesses, join B with sc in any st, sc in each st around to join end to body; join with sl st in first sc. Fasten off.

Join other end to opposite end of body in same manner. With sewing needle and matching thread, sew one flower to each end of case.

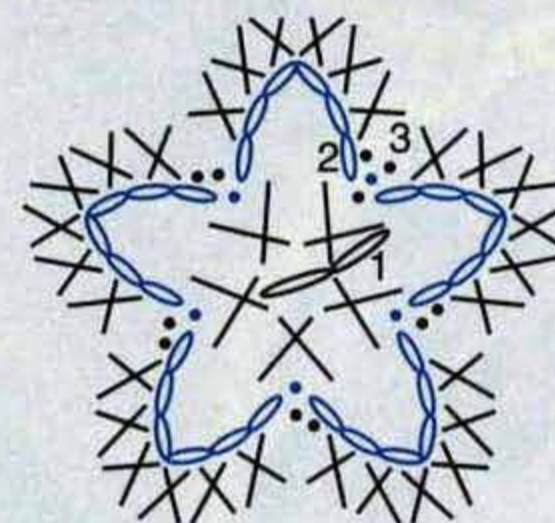

Set In Zipper

1 Keeping zipper closed, pin one side of zipper to top inside edge of case. With zipper closed, and using sewing needle and thread, hand stitch side of zipper to case edge. Make sure that loops of yarn are sewn down.

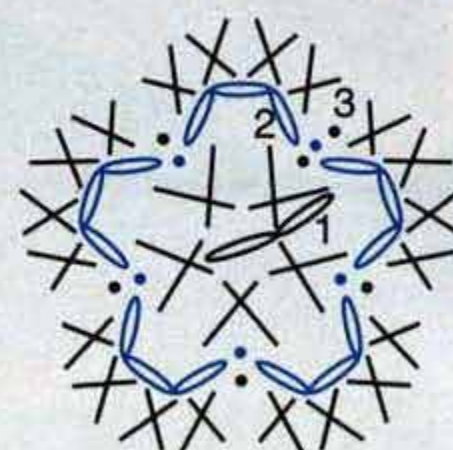

2 Unzip zipper and pin other side to opposite edge. Being careful to keep yarn away from the zipper closure, hand stitch this side while zipper is open. Stitch ends of zipper together, if needed. Sew small flower to zipper pull.

Weave in all ends.

Weave in all ends. To wear mustache, apply it to your upper lip with a dab of spirit glue, or make ties for each side of mustache in same way that ties are made for mask, and tie it around your head.

Tip

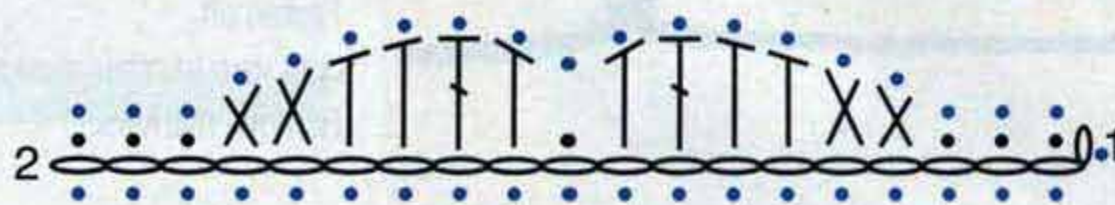

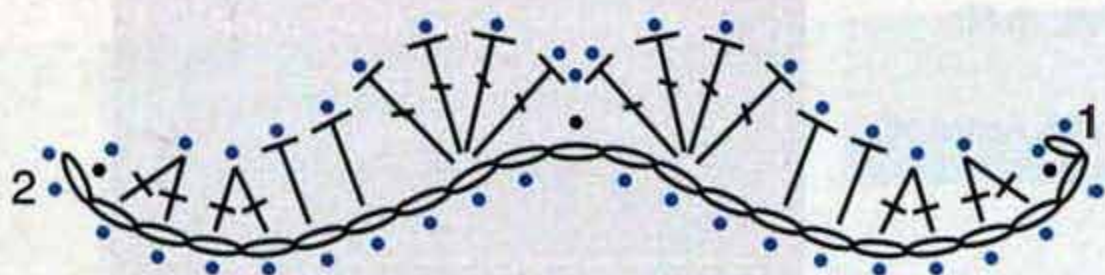

Get creative and personalize these patterns any way you like for tons of Halloween fun. Try working the mustache in white for an old-man costume or embellishing the mask with rhinestone buttons and feathers for showgirl flair!

Wonderfully Wacky

The World Famous Crochet Museum showcases fabulously kitschy stitchin'.

When it comes to crazy crochet from the past, there's no better place to find it than Joshua Tree, CA, where The World Famous Crochet Museum showcases fantastic finds ranging from poodle bottle covers to assorted toys.

Curated by artist Shari Elf, the museum is housed in a vintage photo processing booth that's stocked to the max with all manner of crochet creatures. Elf started her collection more than ten years ago with a few poodle bottle covers that she found. Over the years her collection expanded, as friends began to give her crochet items they found at flea markets and yard sales.

"We're being so taken over by cheap, mass-produced things," laments Elf. "The animals in the Crochet Museum have such depth, soul, individuality and personality that I feel they are important to preserve in one place."

We couldn't agree more.

"My poodle bottles may be my favorites. They each seem to have a different personality!"

"Some visitors stand in the museum and comment on how nurturing and comforting it is to be surrounded by all the love that went into making those crochet creatures. Some people want to move in or spend the night!"

"Sometimes people sneak new items into the collection with a note reading, 'Please, I want to live in the Crochet Museum!'"

"I love the art of old ladies, and I refer to them as 'goddesses' for making these wonderful things."
